Senior Spotlights

LEFT to RIGHT: Trusha Patel, Trinity Taylor, Mckenzie Gatlin, Madelyn Cliett, Jessica Peterson, Elandra Reese, E'darrius Davis, Laila Gagne; **NOT PICTURED:** Victoria Byrd, Dylan Hortman

If any group of students knows how to keep up positive reputations, it is the Senior Spotlights. Each year, all of the PCHS faculty and staff vote on the top ten seniors who have promoted Trojan values all throughout their years in the Peach County school system. These votes are based on more than just good grades; they take into account the attitudes, participation, citizenship, and overall quality of character. Hence, this is one of the top recognitions that a Trojan can boast.

After high school, Laila plans to go to college, where she will major in math and science and continue her talent in art. She has been a proud member of PCHS chorus. Last year, she was recognized at Large Group Performance Evaluation with high regards. She has been fond of all of her teachers at PCHS,

Trusha plans to attend Georgia Tech, where she will major in Computer Science. Her hobbies include playing video games, watching her favorite shows, and listening to music. In regards to who has "kept her up", Trusha applauds her mother and Mrs. Riley who have shown her so much love and support.

Laila Gagne

Trusha Patel

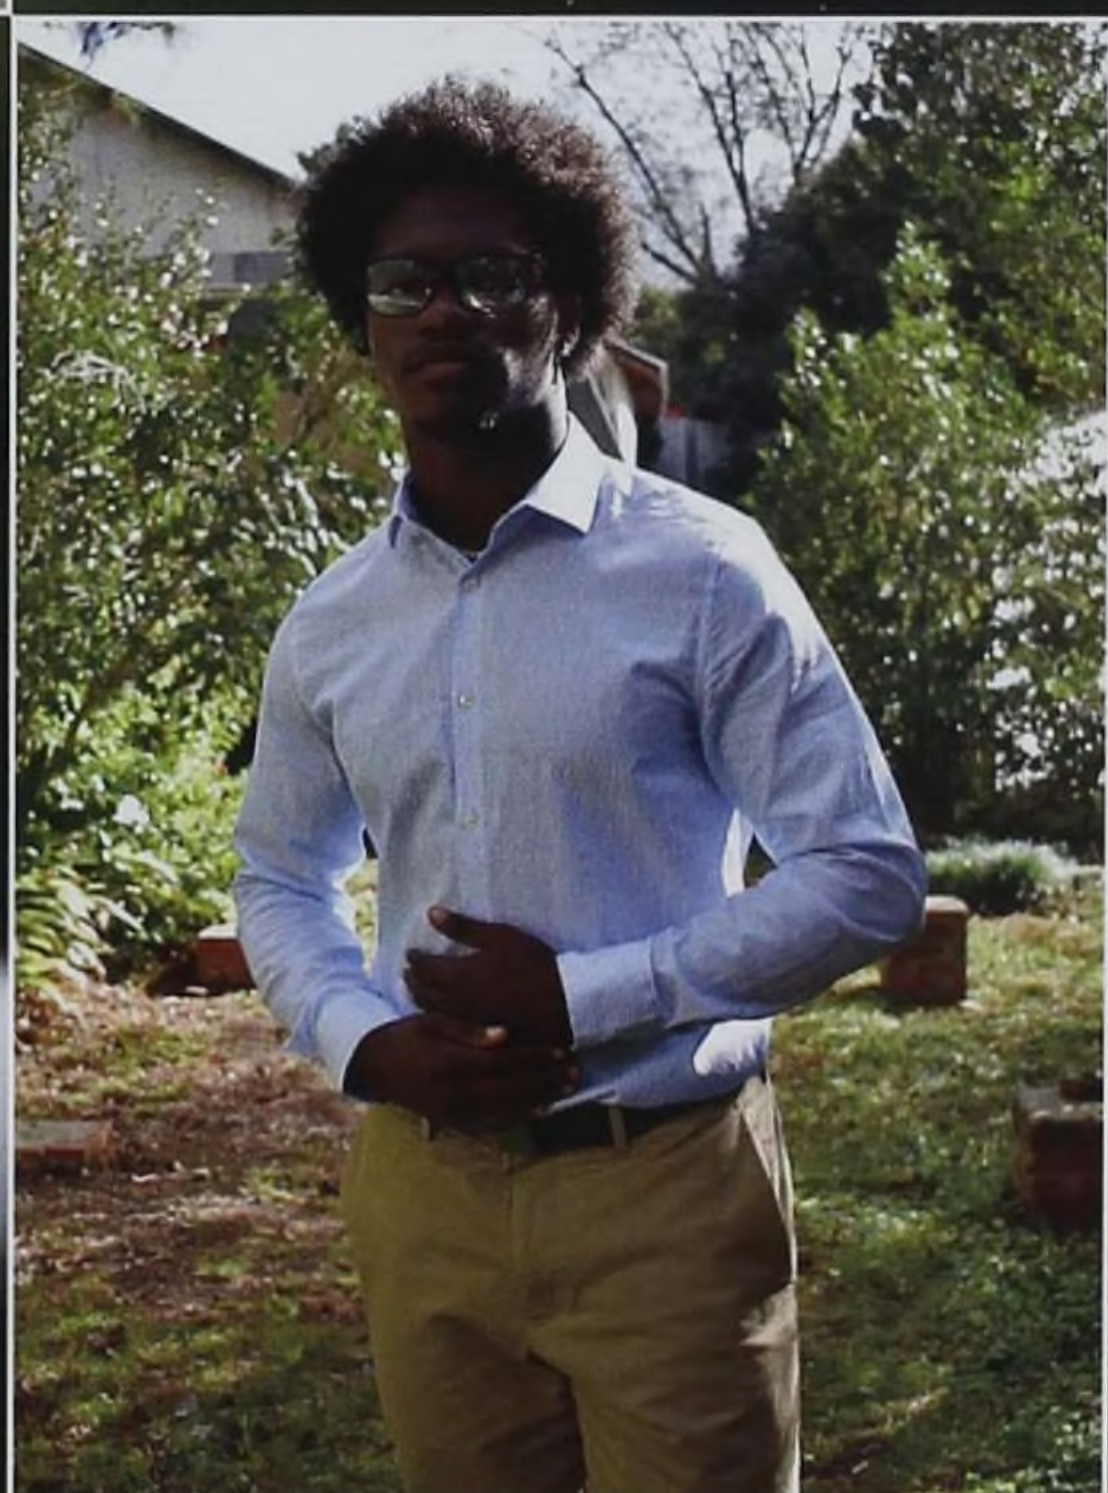

Elandra Reese

E'darrius Davis

Elandra plans to attend Emory or Mercer University to become a doctor. She is a Golden Girl and a member of NAHS, HOSA, & FBLA. Mr. Coleman has influenced her most as her track coach; he was the first teacher she encountered at PCHS, and he has made a lasting impression.

E'darrius will attend college for architecture. He has taken full advantage of dual enrollment to start his college experience. E'darrius has participated in football, track, and wrestling. He is in National Honors Society and is a National Merit Scholar. He recognizes Coach Hudson for treating him like family.

Trinity Taylor

Following high school, Trinity wants to join the air force and become a grade school counselor. She likes anime, spending time with friends, pampering herself, and welcoming new adventures and experiences. Trinity has set wonderful examples through Empower with Flint Energies, and she is also a proud member of the PCHS Yearbook Staff. She thanks Mrs. Jennifer Martin for four years of education in American Sign Language, American Literature, British Literature, and Journalism.

Jessica Peterson

Jessica plans to attend college and major in either biology or neuroscience to be a neurologist. She plans to specialize in neuropsychiatry. She has been a member of HOSA, FBLA, Principal's Advisory Council, Student Council, BETA, Empower with Flint Energies, and National Honor Society. In 2024, she was accredited by the National African American Recognition Program. Mrs. Spivey's constant guidance and positivity has not only strengthened and motivated her but has also cultivated her love and for health care.

Madelyn Cliett

Madelyn plans to go to Middle Georgia State University and earn her Bachelor's degree in nursing. She will then enroll in the nurse practitioner program. Madelyn enjoys baking and shopping with her mother. In terms of what has "kept her up" through high school, she gives credit to energy drinks.

Mckenzie plans to attend college to major in mass communication and journalism. She will continue her athletic journey as a cheerleader. In her spare time, Mckenzie likes to paint, cook, and draw. She has participated in SkillsUSA, NHS, Partners Club, FBLA, HOSA, and Certified Field Production.

Mckenzie Gatlin

Dylan Hortman plans to pursue a career in medicine and a specialty in anesthesiology. Dr. George has done a fantastic job mentoring him in his senior year of high school through the active pursuit of higher education. Dylan believes she is the best person to help "keep up" in high school.

Victoria Byrd has been accepted to Wesleyan College, where she will major in biology and minor in environmental science to become a Marine Biologist. She is a proud member of Scouting of America as well as the National FFA Organization. She thanks Luz Morales for serving as her agriculture teacher and FFA advisor.

Senior Superlatives:

People's Choice Awards

Teachers may have the say-so when it comes to Spotlights; however, Trojan Seniors get the privilege to pick those peers who have stood out and turned heads on the PCHS scene. All of the cute clothes, sweet smiles, big muscles, and amazing creations have finally paid off and won the votes. Even our theme category--the students who have kept up reputation, respect, and personality--has been recognized. These Superlatives have established new fads and positivity to set records!

BELOW: Jorja Sirmon & Serenity King plan to stand out for all to see!

The spotlight shifts to

Rising Stars

Many assume that being the star of the show is the greatest privilege. However, our underclassmen enjoy their time before the "main event", as they travel through numerous reality shows of academics, relationships, and Trojan fun. Yes, it seems like senior year a million seasons away; until then, these rising stars make the best of their years as understudies.

BELOW: Keeping up with the steps during halftime comes easy for Anna Catherine Marshall & Summer Maples!

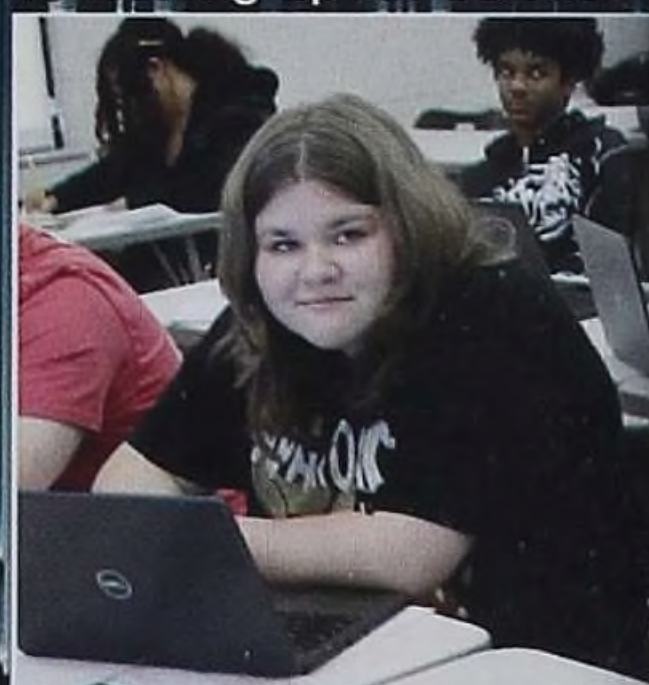

ABOVE: Freshman year is looking up for Selena.

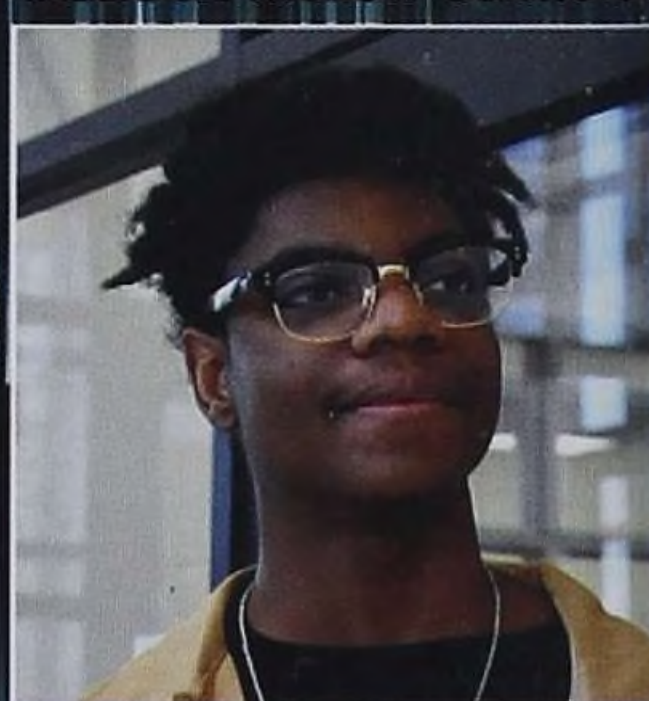

BELOW: Ashleigh is not ready to grow up just yet!

BELOW: Jeremiah Rhodes pushes positivity!

Dominique Jones has decided to go incognito her sophomore year. 2. Maxton puts the "Cherry" on top of a great freshman year. Allyson Colis-Esquivel pushes positivity for her group. 4. Bastian Servin-Hernandez can't be crossed this year.

The future is so bright that Melanie needs shades. 6. Yahel welcomes 2:00. 7. Raylen may not get Andrew's joke. 8. Reyes has much to ponder her first year. 9. Brisa thinks happy thoughts. 10. La'kevia knows her time is coming. 11. School spirit is for all grades! 12. Time for a "peace" of the big Peach!

BELOW: For Khloe & Madison, it's a beautiful day to be sophomores.

Junior Dress Rehearsal

ABOVE: Deandre & Xavier feel at piece with the coming year. **BELOW:** Mason Dusold shows off some hard work.

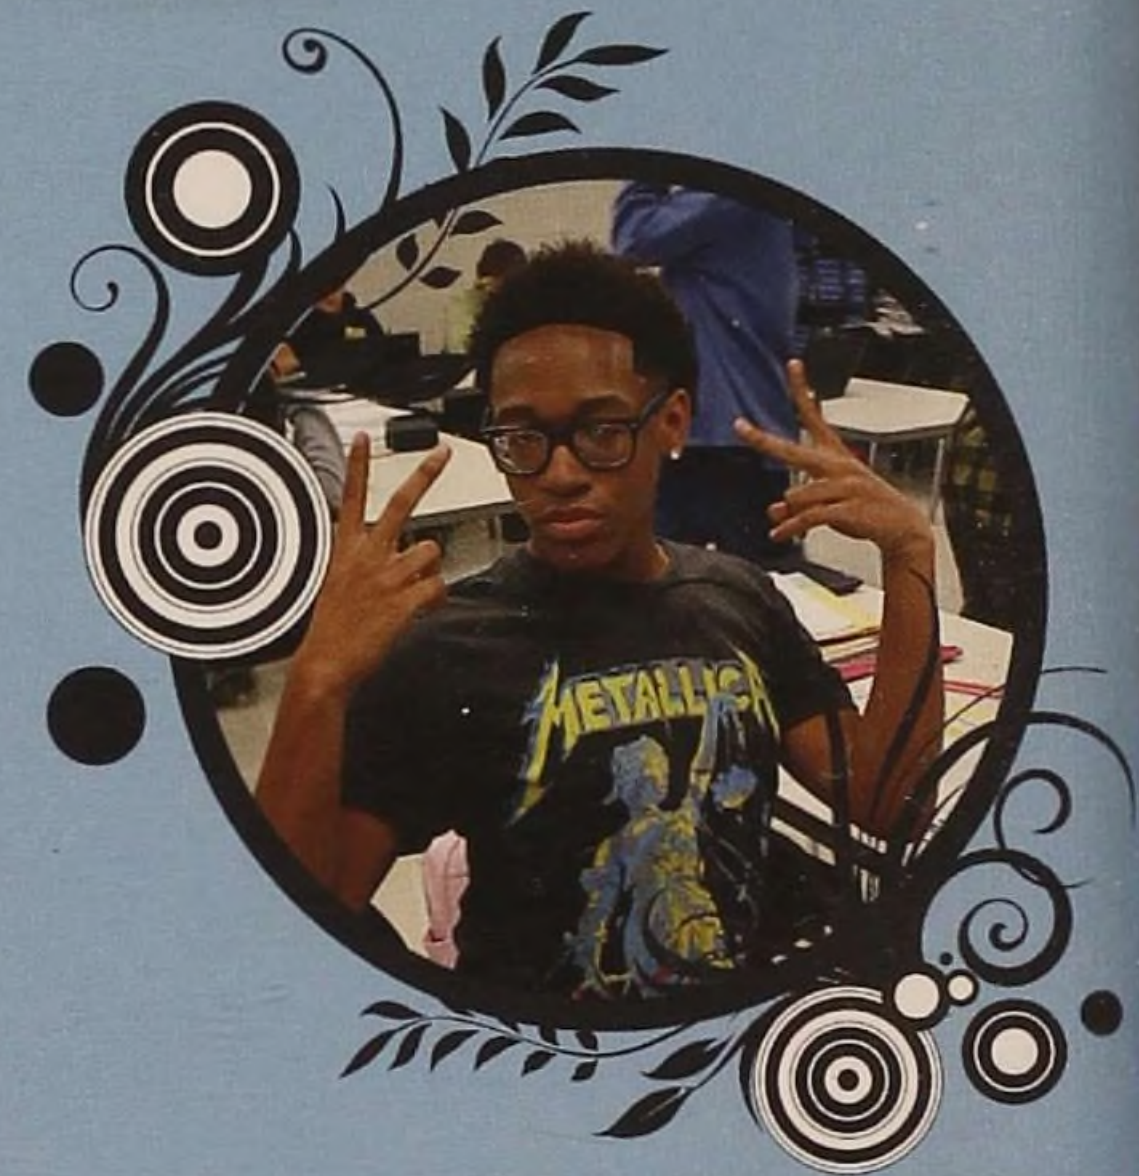

These supporting actors and actresses can almost taste it--their time to shine under the spotlight as the stars of the show. As for now, they are content with their new perks--junior/senior prom, future prospects, better transportation, etc.. These juniors are managing to keep up with the Trojans in many ways with grades, positive attitudes and Trojan spirit. So until next year, these understudies are memorizing their lines for their own reality shows.

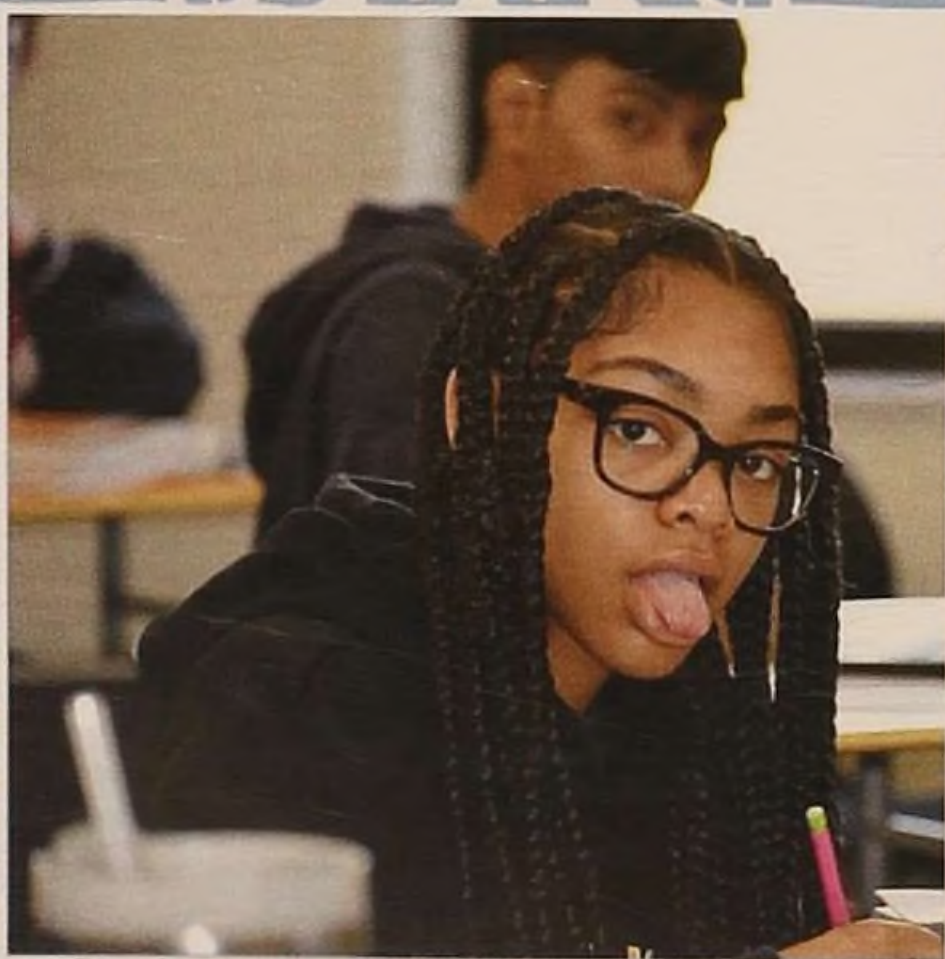

LEFT: Anice Boyd has decided to be "tongue and cheek" about 2026. **ABOVE:** Jacob Schofill, Logan Jones, & Kenslee Baldwin can be quite intimidating in their funeral wear during Homecoming week.

RIGHT: This junior year is looking up for Justia Robinson.

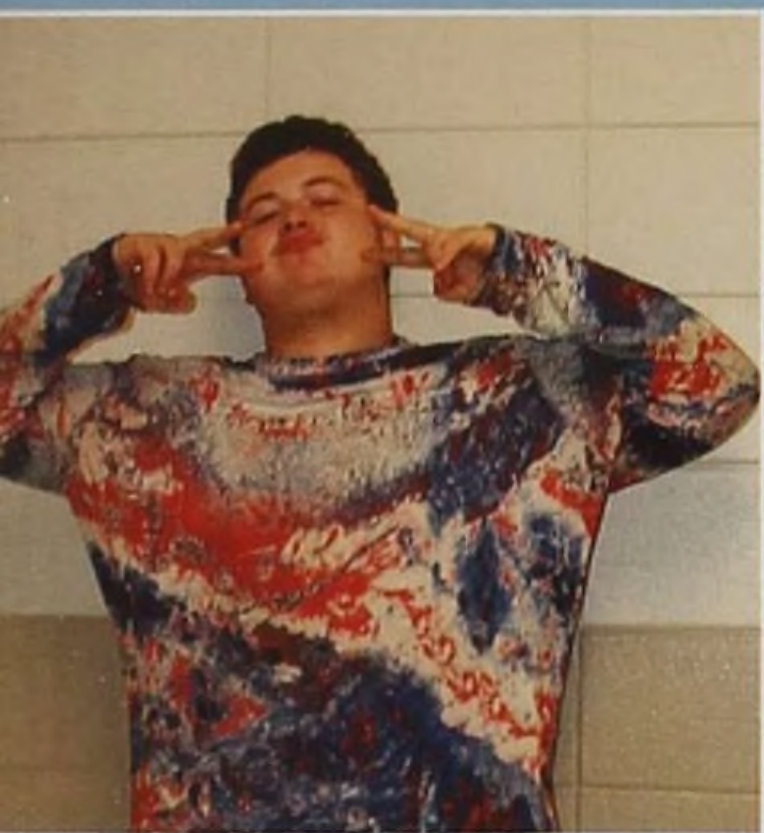

ABOVE: Looks like it will be a challenge to keep up with Jimmy Davis this year.

ABOVE: Ace Blunt can see success in his future.

ABOVE: Aubrie Wingo, Mariah Hillman, & E'lye'jahnae Dotson-Johnson are definitely not camera shy.

ABOVE: Kaylea is getting some deep thought into her next move.

Sophomore Stardom

It's time for this class of students to feel upward mobility. They are no longer freshmen--most are past the first-year jitters, and they have gotten P.E. and health classes are out of the way.

Still, these Trojans are not quite where they want to be. Most still can't drive, and don't even get us started on Joshua's Law. So they still have a ways to go. At least some perks are on the horizon. For sophomores, "Keeping up with the Trojans" means getting past that first year!

Varsity Football: Keeping up the Crowd

PCHS is all about tradition, and one tradition we hold true is Trojan football! Every Friday night home game, our stands are filled with fans far and wide who come to cheer on these mighty young men. This year is no different. We ended our season with 123 completions, well over the 78 average for the state. We scored with 40 touchdowns and 240 total touchdown points! These great stats brought us to a 10-2 season, in which we showed off in our region. What is even more impressive than our scores is our dedication and team spirit. The hard work that these players and coaches dedicate is outstanding, and they deserve a major round of applause. Go Trojans!

What would be more appropriate on page 67 than a focus on 67!?

So our "seasoned" teachers and parents keep asking, "What does 67 even mean?" Still, how do we put it in words for adults? It means *meh*, so-so....whatever. Consider it a teenage word for *blase'*. "67" has become popular with Gen Alpha, chosen as dictionary.com's "2025 Word of the Year" because it lacks a fixed meaning. That is so perfect for us. You can't put a label on Trojan chill!

CELEBRITY FACES

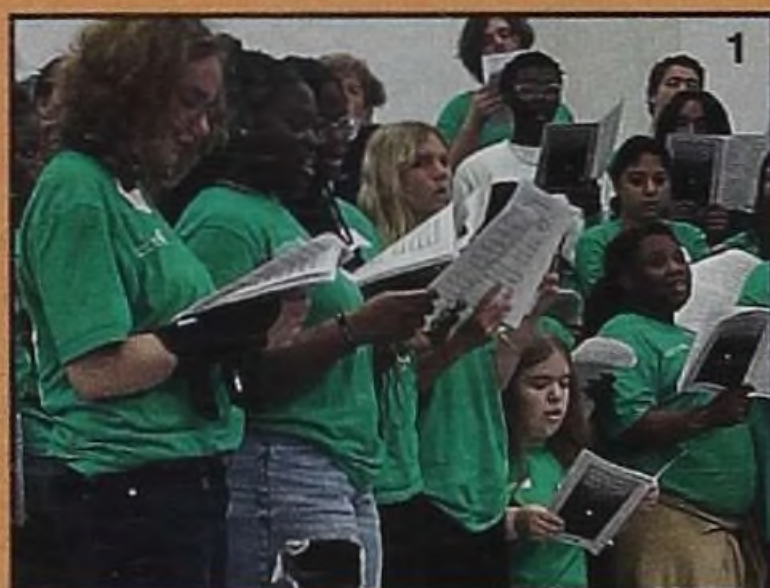

Our CLUB Hub

Academics and athletics are all the rage at our school. However, the clubs are what really get the party started with our Trojan reality shows. These organizations bring together similar interests, exceptional talents, and friendships that make the creations and performances of PCHS students visible to the outside world. It is a feat in itself to succeed in subject area classes as well as electives; however, it is all the more commendable to do so while juggling these extracurriculars.

Yearbook Staff: Keeping up with the Paparazzi

Why not start with the club that brings all of this to your fingertips! This year's yearbook staff is just as feisty as before--heavy on estrogen, caffeine, multi-tasking, and unity. Still, our goal is to capture the memories of the year and provide a tangible place you can visit time after time. In the midst of all this, we throw in some of Mrs. Martin's crazy projects, laughs, tears, interviews, the occasional reprimand, and togetherness. So if you see a yearbook staff member today, give a little random hug to thank them for all the work behind these pages.

It is easy to look at PCHS success and assume that it all just falls into place. However, that is far from the truth. To make all of these positive gains and to form these meaningful relationships takes the efforts, contributions, and experience of our qualified faculty and staff. Whether it is morning breakfast, a second block quiz, a club meeting, or a baseball game, there are dedicated adults who are giving their time and expertise to make our Trojan experience the best it can be. Let's give a round of applause to these adults who make sure our cast, scripts, and props are all in place.

She is also the advisor over TSA (Technology Student Association) and RDL (Robot Drone League), which she introduced to PCHS.

Outside of school, she works with the Museum of Arts and Science. She received her education from Mississippi University for Women in 1995 and returned to the same university to complete her Master's degree in 2001. She says that the reason she continues to teach is because she finds great joy in witnessing the innovation and curiosity within her teaching field. She also appreciates seeing students make meaningful connections across various subject areas. Her contribution to PCHS is valuable and appreciated!

CAYDEN FOWLER

Each year, the student with the highest SAT score is recognized for such an accomplishment. That student then has the privilege to spotlight her or his most influential high school teacher. Cayden Fowler has proven his academic success and written the beautiful reasoning behind his decision for Mr. Partain.

"The general desire to make the world a tangibly better place (especially as it relates to self-expression, equity, and liberation) has consistently been one of the biggest motivators for me, and academia seems like the strongest medium through which to achieve this goal.

This might seem a little dramatic, but Mr. Partain literally changed my life. The past two years have been an incredibly formative period of change for me, and Mr. Partain is responsible for a large portion of that change. He's genuinely such an amazing teacher, and I learned so much about myself, my relationship to literature and academia, and society as a whole while I was taking his class. I consider myself a far more critical thinker now than I was before I had done so. I can't recall a single day where I wasn't excited to go to his class, either. He always made my ideas feel so welcome. I was free to be myself without fear of judgment or ridicule."

STAR STUDENT & STAR TEACHER

MR. MATTHEW PARTAIN

Beyond working to be well-read and current in expectations at the high school and post high school levels, Mr. Partain seeks to work with students daily to ensure they feel that they are building connections and personal understanding to be more successful than they were the day before. He listens to student concerns and perspectives while encouraging reflection.

When asked of Cayden Fowler and his classroom accomplishments, Mr. Partain responds: "Cayden is one of the unique students that each school hopes to have. He applies what he learns in each academic discipline in a cross curricular way that strengthens his understanding of complex concepts. He is aware of nuances in the behaviors and motivations of his peers and adults in his life. He is genuine when he asks if someone is okay, not just in a conversational way, but actually making sure that they are indeed doing well.

In the course of my time as his teacher, I have seen Cayden grapple with deeply mature concepts of ethics, morality, and philosophy. He is insightful and questions what is presented in the media and what effects actions really have on people. He has gained a confidence that is quiet but obvious. As he has matured, he has epitomized the idea that the arts are vital for expression, yet that expression reinforces the core of the human spirit."

Congratulations to both of these Trojans for their accomplishments! They keep up the PCHS image!

Keeping up with

the Class of 2026

Each year, the PCHS Yearbook Staff chooses a community member who conveys the Trojan values and school spirit that makes our school unique. This year, we have selected Mrs. Kristi Riley to receive this honor.

Mrs. Riley is a true Trojan--an alumna who gives back to the community that helped prepare her to be a business teacher and FBLA advisor. She leads award-winning CTAE programs and has been elected to the Georgia FBLA Board of Directors. In 2024, she was awarded the 2024 Excellence in Education Award.

Mrs. Riley facilitates student success in region and state competitions, including hosting the Region 6 Leadership Conference. She has brought the Trojan Trading Post to life, which we all enjoy. Finally, she was elected to the Georgia FBLA Board of Directors in February 2024, adding even more to her resume'.

Still, all of these accolades do not compare to Mrs. Riley's dedication to her students and willingness to help others. We appreciate you, Mrs. Riley!

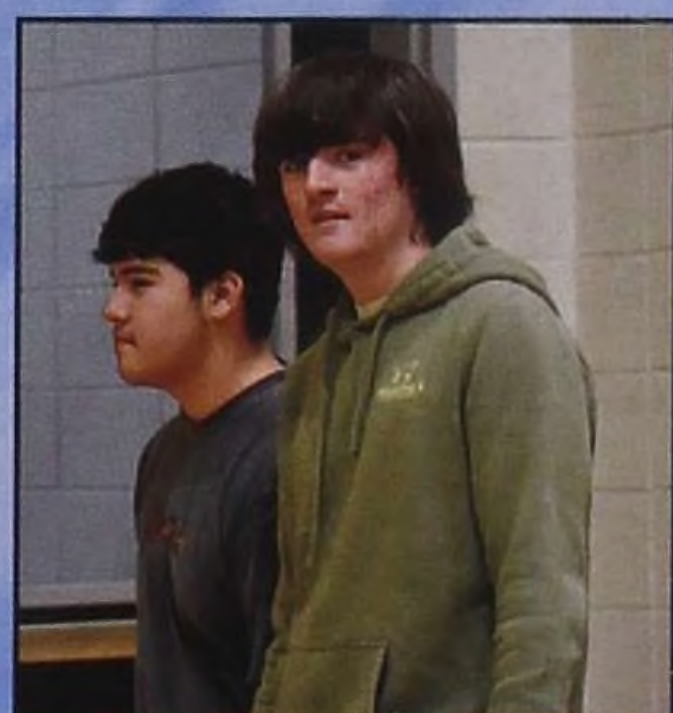

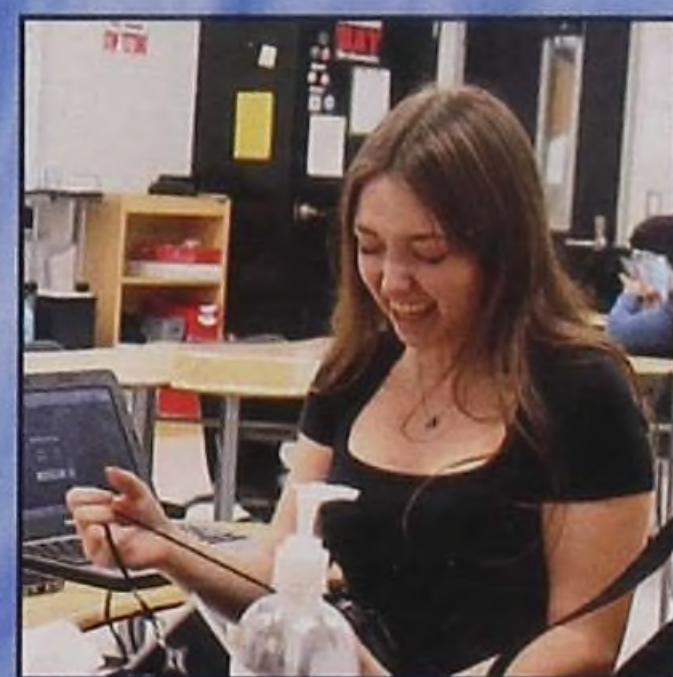

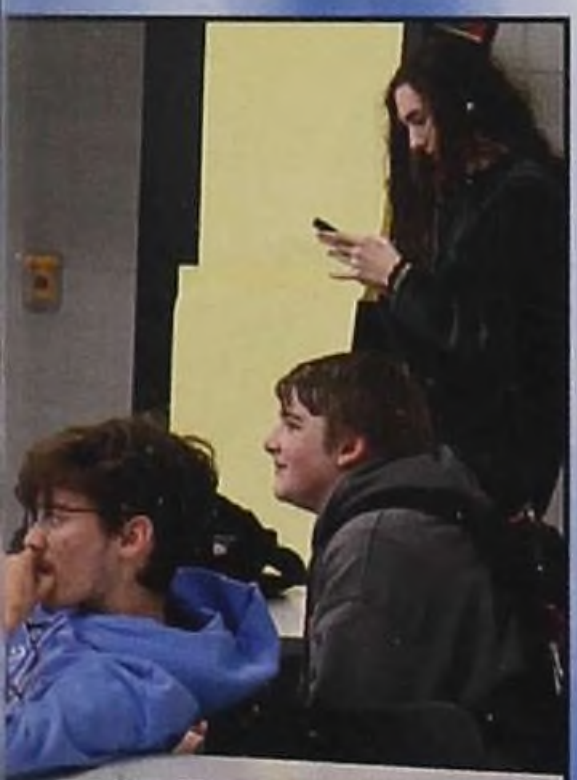

2026 Dedication: Mrs. Kristi Riley
